The charming Amed Lodge by Sudamala Resorts is a quirky beachfront property located directly on Jemeluk Beach in Amed, a quaint village in Karangasem Regency in the eastern part of Bali. The area is famous for its diving, old Bali charm, wonderful sunrises and magnificent views. Originally built as a holiday home using reclaimed and repurposed wood, the lodge is a collection of cottage-style accommodations that draw heavily on oriental influences and offer guests a unique stay experience directly on the sparkling black sands of Jemeluk Beach. Amed Lodge by Sudamala Resorts is about 80km north of Bali’s airport and, whilst the area is growing in popularity, it remains a traditional Balinese experience, attracting explorers and those seeking the beauty of Bali away from the major tourist spots. MADE’S WARUNG

Warung means food stall in the Indonesian language and usually refers to the street-side places where locals meet, eat, drink and gossip. Made’s Warung started life exactly like that through the 1960s and 1970s, until travellers came to Bali and started to introduce their own ideas on cuisine. Surfers, families and expats alike enjoyed trying the variety of grilled sandwiches, pancakes and sushi. Today, Made’s Warung is a local icon, a must-see venue where the menu reflects those changing times and offers a choice of classic Indonesian dishes alongside international favourites from Japan and Thailand and western dishes like lamb chops, steak and pizza. With outlets in Kuta and Seminyak, Made’s is more than just a restaurant, it’s a destination and hosts authentic Balinese dances several times per night.

The philosophy is based on the ancient proverb 'rupasampat wahyabiantara' – true beauty is only achieved when outer beauty is in harmony with inner beauty. Traditional ointments such as lulur, the celebrated herb and spice body scrub, will help achieve outer beauty, while activities such as sunrise yoga and meditation can set you on a path to inner harmony and balance. Treatments are tailor-made for each guest based on the four stages of life: teenage, adult, married and post-adult, with different varieties of oil and lulur selected depending on specific individual needs.

Visesa Balinese Healing & Spa is not an ordinary spa, it is a venue promoting health, beauty and balance through a program of traditional healing and pampering experiences. Found just north of Ubud in Desa Visesa Ubud, a luxurious culturally inspired resort that features working rice fields and an active local community, and fully in-tune with this environment, Visesa Balinese Healing & Spa maintains respect for local traditions and the treatments are based on knowledge and techniques that have been passed down through generations. Visesa Balinese Healing & Spa adopts the Bali Usada concept, an ancient way to cure physical and mental ailments using healing techniques based on the practical use of Ayurvedic medicinal plants, herbs and spices. The goal of Bali Usada is to balance the embodied sekala (seen) elements and the mental and spiritual niskala (unseen) elements.
